

## 10 Commandments for an Enthusiastic Team

1. Help each other be right - not wrong. Look for ways to make new ideas work, not for reasons they won't.
2. If in doubt - check it out. Don't make negative assumptions about each other.
3. Help each other win. Take pride in each other's victories. Speak positively about each other and about your organization.
4. Act with initiative and courage. Find ways to make things better.
5. Look beyond the moment.
6. Whatever you want - give it away: trust, respect, flexibility ...
7. Focus and finish.
8. Share the Vision: Set priorities, share the goals and help each other. Have something to look forward to ... not only the job related tasks.
9. Communicate information, not instructions. Make the rapport more important than the report.
10. Share your character with the team - lead by example.
